“ Our thoughts and sympathy are sent to Josh, Dama, Jeremy, and the entire family. Julie was truly a very special person, loved by many. She will forever be remembered for her strength and faith through some very difficult circumstances. Her love for Josh and her other family members were reflected in that infectious smile of hers. She will be missed but be comforted in knowing that you will see her again in a place where she will not have any pain and the reunion will be eternal. May God grant you all you all peace and comfort during this difficult time.

“ I have known Julie and her family all of my life. I am sad for all that are suffering the pain of losing such an amazing woman, but I rejoice in knowing where she has gone! There is no pain or suffering. What a reunion it must have been to be greeted at Heaven's gate by her sweet angel Hayley. I am pretty sure Hayley is attached to Julie's hip as she was most of her life as they walk down streets paved in gold! To Josh and the kids: Stay strong because that is what she wanted. Although she no longer has her earthly body, she will be your guardian angel forever. I never got the pleasure of meeting you but the kind of love you all shared is immeasurable. I hope you will find peace and understanding. Dama, Jeremey, Humes and Miller Family: God Bless you all and may you all find the same peace and understanding.

“ Julie, she meant so much to so many people. I remember seeing her at Hayley's funeral. I remember shaving my head and going to Hayley's grave. Seeing her with a shaved head and having her hair falling out. I love her so much and she will always have a piece in my heart. I will keep shaving my head in remembrance of her.

“ I will miss her sweet smile and loving disposition. I will always cherish my Julia Child. She was so happy the last year of her life even during her darkest hours.
She knew she would see Hayley again. She finally had a wonderful man in her life.
Julie never complained about her situation.
She is truly meant to be our Guardian Angel.
