“ My name is Juanita Davis and I have had the privilege of caring for Anna for a few years at the facility. I have grown to love her in this time. There was never a day that I did not go in her room that she told me " I am so glad you are here today. I love when you are my nurse.”

It has been a honor to be able to be advocate, friend and confidante for her. I am thankful she is resting in peace and her suffering is over.

Some people leave a lasting impression on your life and I can truly say Anna has been one of them.

My deepest condolences to family through this loss. My love and prayers are with you.

I knew Jean and her husband Sport. When they lived in Cullman together my family used to go to their home. When my parents and I moved to Texas we used to go see them in Fort Worth. She and Sport were good people. She was always sweet to me. I am so sorry for your loss.
