“ To know Bettye was to love her. She had such a kind and giving heart. One time Walter and I were raking and baling hay on their farm and at another location as well. She fixed a big dinner for us and as I was at the other location, they called and told me dinner was ready. I said I'd just wait and get dinner later. Well in about 15 minutes, she drove up to the field where I was raking hay with a basket full of dinner and a big glass of tea! She sat with me and we talked til I'd finished. That she would go out of her way to bring me a meal has never gone from my memory. Just know Walter and I will remember each family member in prayer in the days ahead!
