“Bettye taught me so very much about raising her babies. She entrusted me with not only a newborn but also one of her adult babies. She was a very special lady and always took time from herself to give advice or an encouraging word about anything you wanted to talk about. I feel that she was the kind of woman that no person who met her would be able to forget. I love her and Ken as family and will miss her beyond what words can describe. I do feel that now she will be around looking in on all her yorkie babies she has had thru the years.
