“ *Bev and our cousins had what I call the best childhood ever! She always had the most Barbie toys so we would always end up in the stream between my grandfathers and her's oh and 20 feet from every cousin that knew all we did! We lost touch after high school but I would see her from time to time and a couple of years ago she started sending me music on fb/messenger and it would always bring back a funny/happy memory! We all love you Bev and wish I would have told you that a long time ago!!!
Enjoy seeing your papa Drake and grandmother because they will be waiting with the biggest smiles they ever had on their faces! ❤️❤️*
