“ So very for your loss. Brenda was a very special kind of person she was always laughing and happy and she was the same every time you saw her even if it had been a while since the last time it was like just she saw you yesterday. No doubt she's in heaven singing with the angels. Shana you can message me anytime if you need anything or just to talk. Praying for comfort and understanding today and all the days to come

“ *Brenda always had a smile on her face and was always positive. She said that she saw cancer as a blessing because it made her cherish each and every moment in her life. It made her cherish the blue sky, the fresh air, the sun on her face, and of chorus her family and her granddaughter. I love her and will miss her dearly.*
