“ *She was always good to me and my family. Papa and Charlotte took me and my sister to get our ears pierced when we were little. We would spend weekends with them in Gardendale and I remember eating supper and then sitting on the screened-in porch watching the birds and squirrels. She always had us sun catchers to paint so when we got back home we could hang them in our windows. She had tons of dolls and was always showing us her newest ones. We had many trips to the galleria. We also went to the beach with her and had the best time. As we grew older and had our own families and lives we would only really see each other at holiday get-togethers. Even though she married into our family we still loved her like our own and she definitely loved my grandpa! You will be missed Charlotte! I bet Papa is happy to see you!*
