“ Suzanne , we are so sorry for your loss...I know it is like losing your right arm...I would like to share a memory with you
Growing up I always looked forward to coming to my cousin house (Bunny) in Alabama...She always kept her kids close to her so that meant I got to see you and your brothers grow up...when you and Darin got together, it was like adding another bonus cousin, cos he fit in the family like a glove...with us coming from Tennessee to visit my mom would always stop and get a case of beer to bring with us for all the kin to enjoy...one time I came to visit without my mom and we were gathered around the kitchen table talking...I notice Darin was just looking at me and I thought what is this boy looking at me for....then it hit me....he was wanting to know if I brought the beer.....I waited a little longer and then I told him about the beer in my car....as he was leaving he said...."got to call by boys"....lololol I will always treasure all my memories from those trips to Cullman Alabama and to my favorite cousins that I love with all my heart...
