“Smitty” is a name I have heard since 1983, always in a loving voice, from our son, Stan Phillips, and our daughter-in-law, Darlene Phillips. I knew Smitty, and loved him for being there for Stan and Darlene when Stan's brother, Steven passed away. We will always remember him coming up to us and hugging us. We wish we had known him better, but we also know that Stan and Darlene loved him so very much. Rest well little boy.

With love,

Stan, Sr. and Ann Phillips

“ I remember when the Smith family moved in next door to us and how disappointed I was that the kids were so young! I had hoped there would be kids my age but instead my brother and sister got new friends! Our two families became one. My dad, Bobby, and Eldridge became fast friends and my mom, Peggy, and Sue were partners in crime! Our families went through many good times and many hard times but we were always there for each other. I am so sad that David is gone. I know this is a difficult time for the family and I hope they know they have our love and our prayers.

“ Justin,
I have known your dad since January 23, 1984, the day I hired in at Chrysler. Still remember that smile that greeted me that day and will never forget it. He made my nervous self feel better that and many more days come. We had some great times together. Threw the years they moved us around, but every time I saw your dad there was that first smile. We different ways threw the years . Then after my husband died I found your Facebook or he me really can't remember. Your dad talked to me for hours and a lot in the days and months since then. He talked me threw some really bad times. I will cherish my memories of him days to come. I have comfort in knowing he's not in pain anymore, for I know he was. I have tried to reach him for weeks and I pm you a couple of times i felt something was wrong. I couldn't remember which hospital he was in in Birmingham.. Then I saw that Joey said he was gone. I am so heart broken. I hope that the days to come are not bad but I know they will be. He's at peace now with no more pain , I take comfort in knowing that I hope you can to.

Goodbye Smitty 💔🙏🙏🙏
