“ I met Eddie through the internet. We talked a lot and became close friends online. He lived in Pensacola Florida and me Cullman Alabama. He decided he was going to move up here around me in Cullman. When he moved here we became even closer friends. He was always there when I needed him and I tried to be for him as well. He became my best friend. Some how life was happening and we grew apart but always kept each other in our thoughts. It saddens me that I did not find out about his passing until a year and a half past. My heart is broken that I never got to say goodbye to my best friend.
