“ I remember I had just barely scraped by passing pre algebra, so the next year I had submitted to go back ti regular math. However, Mr. Guthrie thought otherwise and placed me in algebra 1...I told the office no I didn't sign up for Algebra 1 and they said I had to talk to Mr. Guthrie. He told me that I was not an imbecile and that he was not going to allow me to coast my way through high school. I always thought highly of him for that....a half a semester later barely passing Algebra 1, I believe he realized Gordon was my twin brother and I was not good at math at all...and he allowed me to back to regular math....lol...but it never left me that he thought enough of any student to take that stand...We became lifelong friends, he was an exceptional teacher and human being..

“ Just this time of year my second grade teacher Miss Sharpton changed to Mrs Guthrie. This was the first time Mr Guthrie changed my whole life. The Christmas break of 70, 71. Over the years of my time at West Point school he changed nor only mine, but every one he taught life. My heart is heavy for his family and all we who had the honor of sitting in his class room or being coached by him. MR.GUTHRIE, A MAN. May his influence never fail

“ *I am so sorry to hear of Mr. Guthrie's passing. He influenced me more than any other teacher I ever had... elementary, middle, high school, and college. I genuinely believe, and I told him, that I attribute much of whatever moderate academic success I've had in life to his demanding excellence of me starting in the 10th grade. Mr. G was a giant of a man for his ability to garner respect, admiration, and hard work from his students. May he rest in peace. Praying for peace and comfort for Mrs. Guthrie and the rest of his family.*
