“ I am still in shock and it is so hard to accept the fact that Freddy is gone. I will always love and miss Fred. He was like a brother to me for so long. So many friends loved him for so long he was like part of their family also. Fred was always fun to be around. He was such a good man. I could go on for so long about all the good times and laughs we had. He cherished and Loved all his family members. He loved his vacations to Alabama to visit his friends and especially all his family that will also miss him so much. We know he is in a better place and with so many of his friends and family. One thing for sure we will all be together again someday. A loss of a loved one this close really puts life into perspective. We must cherish our time in life with family and friends...My sympathies and prayers go out to all of Fred's Family and Friends. Thanks Fred for so many years you worked so hard for me. He was such a great carpenter and so strong...God Bless you Fred and RIP. See you soon. Jr. Frame

“ Uncle Freddy will always be in our hearts. We will celebrate his life by passing on the many fun time stories we all had with him. Although he lived a while in Illinois with us and a short time in California with us, he was a true Alabama man at heart and although he didnt make it back like he planned in June, he always told us that Alabama was his home and that is where he needed to be. He is with many, many other family members now. Everyone that met Freddy liked him and always remembered him fondly. The Frame Family, Helen (sister), Pamba (neice), Orville Jr and Troy (nephews).

“ Uncle Freddy you will you missed so much!! There is mostly one thing I will never forget out about is that you would help anyone that would need it. No matter what it was you would be there to help. Also with those famous words I can remember you saying over and over "Hold what you got, hold what you got" with you licking your mustache. Oh so memories. Love you
