My condolences to the Williams Family. I started under a apprenticeship program at the Tin Shop while attending Collision Repair Program at Wallace State. Wally took me under his wings and taught me things after being in the military for over 26 1/2 years. Awesome person to be around and excellent teacher in the automotive custom shop. I will never forget our friendship over spending a year in the shop. The both of y'all Rest In Peace. May God wrap his arm around your kids and family.
