“ My tween-age summers in Alabama with my Aunt Jean hold some of my fondest memories. Her two Scottish terriers that would sit by my feet as we worked on puzzles. Chatting in her kitchen about anything and everything that came to mind as she made my favorite cake - a fruity cakey Cool Whip concoction that was always heaven on a plate. She took me to get my ears pierced, saying we'll let my dad know after it's done - a valuable trick to getting away with things that I am sure my dad wishes she never taught me. She made sure I knew to lotion my neck as well as my face, as most ladies forget to do that and they get the 'wattle'. A funny and amazing lady. I will miss you, Aunt Jean - I am grateful for the time we had, but of course will always wish we had more.
