“ *She will be missed , it was sad to hear that she passed. She could be so funny I was one of nurses , we would make each laugh at times when things were trying during covid times. When my son passed she came over to my and gave of condolences. She had lost a child and granddaughter. I knew all about it. We smile and talked for a bit. I will never forget that. We would tell each other , if you get there before I do , save me a seat. Well she is saving me a seat. She with all het love ones. Family know, we are thinking you.*
