“ I have been friends with Judd since high school. He was one of the best friends I had made over the years. I have one memory that I will share. Judd was kind and funny. So, every day he would text me a funny joke or video. He would check on me and always make sure that I was smiling. We fished so many times together. He taught my daughter to fish and she caught her first bass out at his pond. I will love him and miss him more than words.
