“Kadan you have made such a deep impression on my heart. I helped take care of you when you were a baby. Changed your diapers and cuddled you to sleep. I remember the first word you spoke and the first steps. I remember feeding you in your high chair. You were the cutest kid. Oh my and the time your mom brought you over while you were sick. You threw up all in my floor and I just took care of you let you sleep on my couch. Told you if you needed me I was right there. Poor dude you had a stomach bug. The years have flown by and boy I remember your first birthday and your second and all the way up to your 6th. You were a precious little boy that deserved the world baby. I am heart broken I didn't get to say goodbye. But I am so happy I got to talk to you on the phone a little over a year ago. Your Aunt KK will always have another angel watching over her. I loved you from afar but nonetheless loved you. I pray for the family that took care of you. They were truly a blessing I hear. I want to thank you all for your kindness! You have my prayers! May God bless you and keep you!

“ The day he took me across the yard, over the rock driveway ,and through the field to see the pig. When we safely got back over the fence, He was determined to pick flowers for momma Stacy!! Well we saw the pig, ran from the pig, picked the flowers and made it back! He was so proud to give her those flowers, I was so proud the pig didn't get us. I'm not sure where that fits in the plan of care , but that was the day my name became forever “Hospik”, a day I will truly cherish forever in the short time I got to know and love Kadan. God truly puts us where we need to be. Prayers lifted for all the people who knew And loved Kadan. It was TRULY AMAZING to meet you all. 🇺🇸💕🙏
