“ Yesterday was a lot harder than I thought it would be. As I have gotten older and become a teenage and an adult, I did not spend as much time with you as I did in my childhood. I will never forget all the adventures we enjoyed at the lake, beach and mountains. I tell my girls about the trips and how you tired to teach me how to ski and knee board. The time we all when to beach and all got bad sun burns on the 1st day. Will also never forget how upset you were when Lacey lost her ear plugs and you lost a ring in the lake. But yesterday I am not sure if I was upset that we had not got to continue on with all the fun times or the fact you get to see my sister so please tell her we miss her everyday. You hold a special place in my heart that will never be replace as I would have not got the opportunity to have the great adventures you give me the opportunity to have. Love always Missy

“ One of our first long trips together was to the beach with Lacey and Jordan. She had a friend that let us stay in his trailer while we were vacationing. Her friend decided to put a fake snake in the shower. Martha and I hunted all over the place for a broom or mop and a bucket to put the snake in while keeping the girls from knowing that there was a snake in the trailer. We laughed all night about that!! We traveled together some while going to dance competitions. We seemed to always get lost and Sherman would have to navigate over the phone to get us home. She was the hardest working lady I know and yes our community will miss her so much!! I couldn't believe this morning waking up and knowing Martha wasn't with us! Lacey you had an amazing mom and I consider myself blessed to have known her!! 🙏
