“ There are no words to express the sadness we all feel with the passing of Stevie Hopson. When I was contacted and told that the family has asked for donations be made to Stevie's tribal family instead of flowers, I felt blessed by such a generous gift. Our tribal family continues to grow and our Outreach is growing because of gifts from family and friends. We started working towards a goal of raising enough money to purchase our own land and with the hard work and generosity of our tribal family this dream may become a reality much sooner than we had hoped for. I will not be able to attend the service because of a prior commitment, but I wanted to reach out to the family and say thank you so very much for the gift you have offered our tribal family. You will all be in my prayers. I am sending each and everyone of you a hug on the wings of a prayer.
