“ Ray has meant so much to me all my life. He has helped me through good and bad times. I remember crying so hard when i was a teenager, but can't recall what for. He came to me and said, "Into every life a little must fall. Right now you're having a thunderstorm." I couldn't help but break up laughing! Things like happened frequently. He always made me laugh. He had suffered so much the past few years. I pray he is made whole again in death. I will always have him on my mind the rest of my life and will never forget him. He was a good big brother.

“ Sad to hear of Uncle Ray's passing. I got to speak to him often over the years and will miss that. Wish I could have seen him more. I'll miss him very much. He was a great guy and a great uncle. Thanks for being there for me in my hard times the last few years.

Condolences to Colette, Rachel, Brett and the entire family.

“ *Ray you will be missed so much. I could not have asked for a better father in law. I am happy I got to have you in mine and my kids life. I will always remember you every time I make lasagna. I have to say you were my biggest fan when it came to my cooking. I am thankful that Morgan and DJ had you as their papa/grandpa. They will never doubt the love you had for them. We will always love and miss you <3*

“ *I remember Ray in his wheel chair racing Maxx at the hotel this past Christmas. I remember Ray giving Maxx his first tractor ride before his accident. He loved Maxx very much and Maxx loves him.*
