“ I have the chance to wk with Mr Milar and he taught me so much with CRae a program and he wrote for our office and other counties in Alabama and I had no idea he was suffering because he worked 10 plus hours just to make sure I was completely set up and when I got the news of his passing I cried like he was a family member and I was calling to thank him and ask a question more so bragg that I remembered what he taught me and did it by myself. I really loved Mr. Millar as a great person and teacher and the 1 year I got to know him was so great i told him i would be celebrating 1 year on the 23rd of September and he wished me a happy 1 yr anniversary not knowing it would be the last time we spoke. He will be truly missed. Rest in Heaven Mr. Millar my friend..and thank you as I always tells you

“ Randy was a childhood friend. He and I had fun times growing up including sitting in the Control Room at WKUL after broadcast hours and listening to the latest early 60's records. Randy's Freshman year at Vandy I drove him up to his dorm for his first week of classes. We have remained for 50-plus years. Two weeks ago I visited him and Cynthia at their new home and we talked for 2 hours. I feel very lucky to have been Randy's friend all these years. He had a big heart and was always kind. All the years I never heard Randy speak an unkind word. I will miss him dearly. God Bless Cynthia and the Millar Family.

So sorry for his passing. A man not afraid to voice his opinion in a caring way. Prayers for his family.
