“ There are too many to condense in this small space. You were my dearest friend. I think about you every day. So many small things reminds of you. You never judged me, you always loved me and I miss your friendship and our talks. You will always be a part of my life because even in your absence, the love you gave me will stay with me forever. You, my friend, are irreplaceable and the only peace I have is that I know you knew that's how I felt about you. You will always be loved and I will always love your children as if they were my own. I miss you more than words can express.

“ I miss you, uncle Ricky, I remember visiting your place beside softshell bp and you almost letting me and Paige use the backhoe thing then Mammie (Cheryl) pulled in so we couldn't do it. then later after we had moved to buckhorn you visited and when you were leaving, you said "I'll see you all in a couple of weeks" and in a couple of weeks, we were at your funeral. And another time when me, Paige, Shane, Cheryl, Sheree, and Aaron were visiting your grave, we all were crying and dad (Aaron) was telling us that you wouldn't want us to be crying and was trying to cheer us up. I miss you, Ricky, and think about you every day. I still can't believe that you're gone.

“ I have so many memories of when we were together. There was eleven years between us, so he was like a baby doll to me. Use to ride him on my bike when he wasn't even walking. Then when he started walking, o my gosh. At grandma's I was sweeping, she lived in a house that had a big vent in the hallway that led to the basement, well, I was sweeping & had the vent pulled off, so I could sweep the dirt down there, it also had a door that closed off the hallway from the other rooms, that I didn't have closed. He came running through there & went wosh through the vent into the basement, thank goodness there was a table there he landed on. My uncle went & got him & I went & climbed a tree. I love my brother so much

“ *I have more memories than I can express, one that always comes to mind is me riding him on my bicycle when he started walking & grandma always hollering at me "your gonna wreck that bike & hurt that baby" see he was always grandma favorite. Another is when he started school is whenever he would get upset & start crying they would come & get me to calm him down, of course I didn't care because it got me out of class. Omg he used to stay outside playing with our cousins down at the creek, and come back sweaty, dirty & with those beads around his neck from him sweating so bad. He looked like a little pig. Then when they moved to Florida, I went down there to stay with him while they went on a trip. It was Halloween, took him trick o' treating, got a bag of candy he was ready to stop, I talked him into continuing when we seen they were giving out money, we had so much fun. I don't no what we'll do without you, you've always been there for me. Find it hard to express how I'm feeling. Love you so much. Can't believe your gone*
