“ I can not believe that I am writing in memory of my sister-in-law Rosa Adcock McCall. Why, am I here; why any of us are here writing about Rosa in past tense?

Can, I do this with out breaking down in tears, crying like a new born baby entering this world for the very first time. Who can, I blame for our lost?

I understand that God grant life and He takes it back when that time comes. Knowing that logic doesn't make this easy.

I will miss Rosa and I will remember the role she played in my life. I will continue to love her and love everybody she left behind. She would do the same for me.

I pray Rosa's soul is amongst the righteous who praise God. Rest in peace Rosa.

“ it is still so hard to believe, it is difficult to wrap the thought that she is gone. it breaks my heart that I didn't stay with her in Cullman the night before her surgery , but we never intended for this to happen, she was telling me to tell my mom that she would be back to work on Tuesday morning . She was a beautiful woman, she was a helping hand with no questioned asked. one thing Rosa taught me to to speak the truth, to never let people run over me! that is what she stood strong for. Rosa was very sweet and tender hearted just like me, and that is something we shared together. I thanked Rosa while she was in her hospital bed for having Christopher and giving me the opportunity to find the Love of My Life! I told her that Christopher and me have a perfect marriage and I am so proud that she had a son ,like him. Her and CA were a lot alike!!! I told her that I will love him and take care of him. We will see her again on the other side, in heaven one day!! She wanted CA and me to have her a grand baby but we just having got there yet, but I can guarantee that her wishes will be made soon !!! {only God knows} I am so thankful I got the opportunity to spend these past 9 years knowing Rosa. I would have not changed anything!!! I LOVE YOU SO MUCH ROSA !!! R.I.P
