“ Sandra and I have been friends since her children and mine were in school. My memories of Sandra are very special to me because she was my Bestest friend. We would talk for hour on the phone about anything, then make plans to get together to drive to the mall shop, have lunch she would drive back home, and I'd stay for a little while longer at her house, then go home. Every time we talked on the phone, we would close our conversation with " I love you Bestest friend" and say our goodbyes until the next day. She loved owls and I had made an owl that you could hang on the wall. She loved it and still has it. I made it in school when I was in High School. I will never forget all the good times we had together, she was like a sister to me. I know I will miss our phone calls every day talking up a storm. I will pray for her family to stay strong and send comfort while they go through these hard times. " Sandra, I love you my Bestest Friend" Love you forever.
