“ I really miss you dad. It would be so nice to call you right now. Thank you for loving me so much. You truly were loved by so many. This grief is really hard to deal with dad. I hope you're eating endless steak wherever you are.

“ Oh gosh there are so many memories. I was talking to your Dad the other day before your passing when I realized that I've been apart this family for more than 20 years. The times the stories we could tell. We had our ups and downs as most families do no matter what we always had unconditional love. I'm so thankful to you and your wife Dana for y'all have done for us. From taking us on your family vacation to helping my kids anyway they needed always being there if I needed a shoulder to lean on. You will be greatly missed and you were so loved. I know your watching close over your family. I could not have wished for a better brother in law. Dana and kids I love you so much and here anytime you need me just to listen or be the shoulder to cry on.
Love always, Crystal
