“ I met Tom in 1996 and feel in love with him from the start. He was a caring and loving man, I never heard him raise his voice. He was a great man, was always there for anyone to listen give advise, be a shoulder to cry on. He accepted me as a daughter and never thought twice about it, even way after I was no longer legally part of his family, he still called, helped, or what ever I need he was there, he was the best grandfather to my oldest daughter you could ask for, he even accepted my youngest daughter as a grandchild. He is resting much easier now and I bet he is riding the roads in heaven with the best looking motorcycle you could have. I am sure gonna miss you, I love u more than you will ever know and I am so glad you no longer know what pain and misery feel like. You will greatly be missed forever. Just take it easy and ride big man you have earned it!
