“ I am so sorry that it has taken so long for me to find this page because Bill was one of my closest friends. He and I played golf together for many years. I miss him terribly but knowing him as well as I did, I know that he is in that heavenly place where I hope to be with him again. --- Smokey

“ Bill was a giant of a man, not just in body but in heart and gentle soul. I remember his kindness, his caring and his big bear hugs. He always loved dogs, always had one for as long as I knew him. His wife Mary, was the love of his life. Bill touched the lives of many people in such positive ways, including mine and he will be missed and never forgotten.

“ I came to the Cullman area 11 years ago because of a house fire, I lost everything... I met Bill through a family member & I instantly liked him... He had so many wonderful stories that he told me about his life, I loved to listen to them... Bill & Mary found out I didn't have a jacket because of the house fire, so a couple days later I had two new jackets... That meant the world to me... Also, I credit Bill for helping me change my financial future... He took a chance on me without hesitation & with his help I was able to change my life for the better... Every time I achieved something new I'd call him & thank him... He was the catalyst that changed my life... I will never forget that...
